

# SHOAIB

## Frontend Developer & UI/UX Engineer

 +91-8299152270  smohdshoaib208@gmail.com  LinkedIn  Portfolio  
 Sector-62, NOIDA

### Profile

Creative and detail-oriented Frontend Developer & UI/UX Engineer with 3+ years of experience crafting intuitive, responsive, and high-performance user interfaces. Expert in React, TypeScript, JavaScript, and modern CSS frameworks with a strong foundation in UI/UX design principles, accessibility standards, and user-centered design. Proficient in translating design mockups into pixel-perfect, interactive experiences while optimizing performance and ensuring cross-browser compatibility. Passionate about creating seamless user experiences that combine aesthetic excellence with functional design.

### Technical Skills

**Frontend Technologies:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Redux, React Hooks  
**UI/UX & Design:** Figma, Adobe XD, Wireframing, Prototyping, User Research, Responsive Design, Mobile-First Design  
**CSS Frameworks & Libraries:** Tailwind CSS, Bootstrap, Material-UI, Styled Components, SASS/SCSS, CSS Modules  
**Tools & Workflow:** Git/GitHub, Webpack, Vite, NPM/Yarn, Chrome DevTools, Postman, REST APIs, Agile/Scrum  
**Performance & Testing:** Web Performance Optimization, Lighthouse, SEO, Accessibility (WCAG), Jest, React Testing Library  
**Additional Skills:** Node.js, Express.js, MongoDB, PostgreSQL, Python/Django, FastAPI, Docker

### Work Experience

#### Essentia.dev

Present

##### Frontend Developer & UI/UX Engineer

2024 – 2026

- Designed and developed responsive, user-centric web applications using React, TypeScript, and Tailwind CSS, improving user engagement by 40%.
- Created high-fidelity mockups and interactive prototypes in Figma, conducting user research and usability testing to validate design decisions.
- Implemented reusable component libraries and design systems using React and DaisyUI, ensuring consistency across multiple projects.
- Optimized frontend performance through code splitting, lazy loading, and image optimization, achieving 95+ Lighthouse scores.
- Collaborated with backend teams to integrate RESTful APIs and deliver seamless full-stack features using Elixir Phoenix and Django.

#### Essentia.dev

2024 – 2025

##### Frontend Developer - Intern

- Built responsive user interfaces for client projects using React, Next.js, and MERN stack with focus on accessibility and mobile-first design.
- Translated Figma designs into pixel-perfect, interactive web pages using HTML5, CSS3, JavaScript, and modern CSS frameworks.
- Implemented state management solutions using Redux and Context API for complex frontend applications.
- Conducted cross-browser testing and resolved UI inconsistencies across Chrome, Firefox, Safari, and Edge browsers.

#### Naresh i Technologies

2023 – 2024

##### Frontend Developer - Intern

- Developed dynamic and interactive user interfaces using JavaScript, React, HTML5, and CSS3 with emphasis on clean, maintainable code.
- Learned and applied responsive design principles, CSS Grid, Flexbox, and modern layout techniques for multi-device compatibility.
- Collaborated using Git/GitHub for version control and participated in code reviews to maintain code quality standards.

#### Dotsquares

2022 – 2023

##### QA & Frontend Testing - Intern

- Performed frontend testing and UI validation using Selenium, Playwright, and manual testing methodologies.
- Identified and documented UI/UX inconsistencies, accessibility issues, and performance bottlenecks in web applications.
- Collaborated with developers to ensure pixel-perfect implementation of design specifications and smooth user interactions.

## Projects

---

### VRDDHIM INNOVATIONS | *React, Tailwind CSS, FastAPI, Responsive Design* | [View Project](#)

- Designed and developed a modern, responsive corporate website with Tailwind CSS, featuring clean UI/UX and mobile-first approach.
- Implemented smooth animations, interactive components, and optimized page load times for enhanced user experience.

### VRDDHIMAN ANALYTICS DASHBOARD | *React, TypeScript, Chart.js, Data Visualization* | [View Project](#)

- Built an interactive analytics dashboard with React and TypeScript, featuring real-time data visualization using Chart.js and D3.js.
- Created intuitive UI components for complex data analysis, implementing responsive tables, charts, and filtering systems.

### MINDLIFE WELLNESS PLATFORM | *React, Tailwind CSS, UI/UX Design, Accessibility* | [View Project](#)

- Designed user-centered wellness platform interface using Figma, conducting user research to inform design decisions.
- Developed accessible, WCAG-compliant frontend using React and Tailwind CSS with focus on inclusive design principles.

### PERSONAL PORTFOLIO WEBSITE | *React, TypeScript, Framer Motion, Modern UI* | [View Project](#)

- Created a stunning portfolio website with React and TypeScript, featuring smooth animations using Framer Motion and parallax effects.
- Implemented dark mode toggle, responsive navigation, and interactive project showcases with optimized performance.

### SHOAIB FITNESS APPLICATION | *React, TypeScript, Component Architecture* | [View Project](#)

- Developed a fitness tracking web app using React and TypeScript with reusable component architecture and state management.
- Designed intuitive workout interfaces with drag-and-drop functionality and progress tracking visualizations.

### WEATHER DASHBOARD | *React, TypeScript, API Integration, Real-time Data* | [View Project](#)

- Built a real-time weather dashboard with React and TypeScript, integrating multiple weather APIs for comprehensive data display.
- Designed interactive weather visualizations, maps, and forecast displays with responsive grid layouts and smooth transitions.

### INTERNET SPEED ANALYZER | *JavaScript, Real-time Visualization, Progressive Web App* | [View Project](#)

- Developed a network performance tool with real-time speed testing and interactive data visualization using vanilla JavaScript.
- Implemented responsive charts and graphs to display network metrics with clean, intuitive user interface.

## Education

---

### AKTU University, Lucknow 2024

Bachelor of Technology – 7.79 SGPA

### Aatreya Academy 2020

Higher Secondary Education – 76%

### Aatreya Academy 2018

Secondary Education – 72%

## Key Strengths

---

- Strong expertise in React ecosystem and modern JavaScript frameworks
- Proficient in creating pixel-perfect, responsive designs from Figma mockups
- Deep understanding of web accessibility standards (WCAG 2.1) and inclusive design
- Experience with design systems, component libraries, and frontend architecture
- Skilled in performance optimization and Core Web Vitals improvement
- Excellent collaboration with designers, backend developers, and product teams
