

SHOAIB

Python Full Stack Developer

Phone: +91-8299152270 Email: smohdshoaib208@gmail.com LinkedIn GitHub Portfolio
Location: Sector-62, NOIDA

Professional Summary

Results-driven Python Full Stack Developer with 3+ years of experience building scalable web applications using Python, Django, FastAPI, React, and TypeScript. Expertise in RESTful APIs, microservices, database optimization, LLM integration, data analytics, and cloud deployment. Proven track record delivering high-performance solutions with Agile methodologies and DevOps practices.

Technical Skills

Backend Development: Python, Django, Django REST Framework, FastAPI, Flask, RESTful APIs, GraphQL, Microservices

Frontend Development: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Redux, React Hooks

Data Science & AI: Pandas, NumPy, Scikit-learn, LangChain, OpenAI API, Hugging Face, LLM Integration, Prompt Engineering

Databases: PostgreSQL, MySQL, MongoDB, Redis, SQLAlchemy, Django ORM, Database Design, Query Optimization

DevOps & Cloud: Docker, Docker Compose, AWS (EC2, S3, RDS, Lambda), CI/CD, Git/GitHub, Linux, Nginx

Tools & Integration: Pytest, Postman, Celery, RabbitMQ, WebSockets, Stripe, Razorpay, Payment Gateways, Elasticsearch

UI/UX: Tailwind CSS, Bootstrap, Material-UI, Responsive Design, Figma, Adobe XD

Work Experience

Essentia.dev

Present

Python Full Stack Developer

2024 – 2026

- Architected full-stack applications using Django, FastAPI, React, and TypeScript serving 10,000+ users with 99.9% uptime.
- Built RESTful APIs with JWT authentication, integrated payment gateways (Stripe, Razorpay), and LLM APIs for AI features.
- Optimized PostgreSQL/MongoDB with indexing and ORM tuning, reducing query time by 60%. Implemented data pipelines with Pandas.
- Deployed microservices using Docker, Celery, WebSockets, and AWS with CI/CD pipelines via GitHub Actions.

Essentia.dev

2024 – 2025

Python Backend Developer - Intern

- Developed backend APIs with Django and FastAPI, implementing authentication, authorization, and payment gateway integration.
- Built database models with Django ORM and SQLAlchemy, integrated Redis caching reducing database load by 40%.
- Implemented data analysis features using Pandas and NumPy, wrote comprehensive tests with Pytest achieving 85%+ coverage.

Naresh i Technologies

2023 – 2024

Full Stack Developer - Intern

- Developed full-stack applications using Django, React, PostgreSQL, and MongoDB with RESTful APIs and responsive UIs.
- Implemented data visualization dashboards and third-party API integrations including payment processing systems.

Dotsquares

2022 – 2023

QA Engineer & Full Stack Testing - Intern

- Performed API testing with Postman, database validation, and automated testing using Selenium and Pytest.

Projects

VRDDHIM INNOVATIONS | *Django, FastAPI, React, PostgreSQL, Docker, AWS* | [Link](#)

- Built enterprise platform with Django/FastAPI backend, React frontend, PostgreSQL database, and AWS cloud deployment.

VRDDHIMAN ANALYTICS DASHBOARD | *Django REST, React, TypeScript, PostgreSQL, Redis, Pandas* | [Link](#)

- Developed analytics platform with Django REST API, data processing using Pandas, Redis caching, and React TypeScript dashboard.

MINDLIFE WELLNESS PLATFORM | *Django, REST API, React, PostgreSQL, Docker* | [Link](#)

- Architected wellness platform with Django RESTful APIs, payment gateway integration, React frontend, and Docker containerization.

PERSONAL PORTFOLIO WEBSITE | *React, TypeScript, FastAPI, Python* | [Link](#)

- Created portfolio with React TypeScript frontend and Python FastAPI backend featuring responsive design and animations.

SHOAIB FITNESS APPLICATION | *Django, React, TypeScript, PostgreSQL, REST API* | [Link](#)

- Developed fitness tracking app with Django REST API backend, React TypeScript frontend, and PostgreSQL database.

WEATHER DASHBOARD | *FastAPI, React, TypeScript, Redis, API Integration* | [Link](#)

- Built weather dashboard with FastAPI backend integrating multiple APIs, Redis caching, and React TypeScript visualization.

INTERNET SPEED ANALYZER | *Django, WebSockets, JavaScript, Real-time Data* | [Link](#)

- Developed network performance tool with Django backend, WebSocket real-time communication, and JavaScript visualization.

Education

AKTU University, Lucknow

Bachelor of Technology in Computer Science – 7.79 SGPA

2024
